HVAC attachments and grilles

AIR CONDITIONING GRILLES

Air conditioning grilles are used to exhaust air from clean areas. They are the end exhaust element with a direct connection to the HVAC exhaust pipeline, exhaust ducts, they can be installed in metal panels (even double-sided version), plasterboard partitions, doors of exhausted cabinets, etc.

- VPK type • Wall-mounted exhaust grille
- VPR type • Wall-mounted exhaust grille with regulation
- VOB type • Double-sided wall-mounted exhaust grille
- OSK type • Wall-mounted exhaust grille for operating theatres
- OSR type • Wall-mounted exhaust grille for operating theatres with regulation
- VLA type • Grille for laminated doors
